

# मधुमुस्कान

**V.D. INSTITUTE OF TECHNOLOGY**

**“मधुमुस्कान”**  
**DEDICATED TO**  
**LATE SH. JAI KISHAN JI, Ex. MLA**  
**(1958-2025)**

**He was a great supporter of providing inexpensive excellence higher education with a vision that Education is not just about learning facts, but about nurturing wisdom that harmonizes tradition with innovation.**

•

## **ABOUT US**

**Varun Dhaka Institute of Technology was established in the year 1999 by the sincere most efforts of the Rahul Dhaka Vikas Society, Delhi-110041, The Institute strives to acquire a reputation by providing quality education to the B.Ed. students. The Institution is plan-ning to develop its unique philosophy and programmes of Teacher Education. Our main aim is to create such teachers who acquire various skills, by dedicated efforts for becoming efficient and effective teachers, to meet the challenges of 21st century.**

## **AIM**

**A full time professional course in education leading to Bachelor of Education (B.Ed.) of the Guru Gobind Singh Indraprastha University is offered. The duration of the course is two academic session. Some new technical Course like B.B.A., MBA, B.CA. and M.C.A. are likely to be introduced shortly. The governing body of Rahul Dhaka Vikas Society (Regd.) is making efforts to start some new course in the field of Education and technology Like M.Ed. and B.Tech.**

<b>Patron:</b>	<b>Mr. Varun Dhaka</b>
<b>Chief Editor:</b>	<b>Dr. Prince Parmar,</b>
	<b>Dr. Sanjay Kumar Mishra &amp;</b>
	<b>Ms. Ashalata Bedant</b>
<b>Editor English:</b>	<b>Ms. Pooja Dixit</b>
<b>Editor Hindi:</b>	<b>Dr. Manju Bala</b>
<b>Technical Expert:</b>	<b>Ms. Sandhya</b>

## **Message**

**Education is not mere accumulation of facts; it is preparation of life itself. It develops the personality of the students, moulds their character and develops mental skills to help them cope with problems and challenges of the complex world of today. The aim is to make them successful not only in life, but also conscious of their duties and responsibilities towards their fellow citizens.**

**VEDIT exemplify the fact that sky is not the limit in the pursuit of excellence. The aim of our College is to promote a system of integral education in a congenial student friendly environment that emphasizes the unity of all knowledge synthesizing humanity and science and thinking skills such as reasoning and problem solving to help our student to develop the ability to reach sound conclusions based on observation and information. They Stimulate interest and attention among the students and develop in them an appreciation for the values of the past, the excitement of the present and the challenges of the future. The College works as an essential stepping stone to enhance the career. It is my firm conviction that no modern society can progress without a band of passion for inward discipline and interest. "The wider the perspective, the better the bottom line is"**

**With this aim, the college magazine "Madhumuskan" 2025 designed to bring out the best of all creative writers, poets and artists in College.**

**With best wishes**

**Varun Dhaka  
(Chairman, VEDIT)**

## **Message**

It is heartening to note that Varun dhaka Institute of Technology is bringing out "Madhumuskan" for the academic session 2024-25. I am very sure that this college Magazine will provide not only a deep understanding of the sensitivity of the students towards the current educational, social, national issues etc. But also the efforts made by the College Principal and the staff to make this Magazine to see the light of today. My heartiest congratulations to the college for their academic adventure.

**Ms. Varuna Dhaka**  
**(Vice Chairperson)**

## **Message**

How can the "Madhumuskan reflect the needs and expectation of our readers? Can we accomplish the challenge of bringing out a magazine comparable with the best and attaining the target of preeminence the "Madhumuskan" sets for itself? These were the questions that puzzled us as we started the task on this year's college magazine. But when the vast ocean of knowledge the drops of creativity fell and the ripples so formed on the quivering edge were trapped. We always believed that when once the itch of literature comes over a man nothing can cure it but a scratch of a pen. The college magazine is an exemplification of our perpetual efforts to give the students, teachers and parents this scratch of pen. Dance is the hidden language of soul. It brings out the soul in the people and they sway to the rhythm of their inner selves. All forms of dance have unique nature to them. Keeping this in mind, we have adopted "Folk Dances of India" as the core of this year's edition. India has a treasure of varied folk dances. The cultural diversity and rich tradition pattern of Indian society is truly reflected through diversity of Indian folk dances. Madhumuskan also aims to keep this spirit going. We commend the effort of editorial board for putting together this edition of the magazine. We express our grateful thanks to the members of the management, pioneered by our honorable Chairman Sh. Varun Dhaka Ji, who undoubtedly stands solidly behind for their contribution of invaluable ideas, unwavering help and zeal thought out. We pray that VDIT will continue to soar high keeping up with its motte "Nurturing the young minds to compete and be the winners

**Dr. Sanjay K Mishra**

**(Director)**

## Message

As we bring out this Edition of the college magazine "Madhumuskan", we experience a sense of satisfaction and achievement. We hope it will provide you all a delightful peep into the activities of college at large. It, indeed, depicts diverse streams of thoughts, feelings and unique expression of our students. The students creative venture is evident in their beaming thoughts, poetic creation and also projects the humorous aspect of their personality. The ultimate aim of education is to reach where the fountain of man's excellence lies. Madhumuskan", comes to you with a message as Tennyson puts it "Ring out the old, ring in the new, Ring out the False and ring in the true" We all ought to imbibe the profound message and kindle out hearts for the years to come.

**Dr. Prince Parmar**  
**(Principal, B.Ed.)**

## **Message**

"Positive Action combined with positive thinking. Will, ultimately, lead to success and excellence is a matter of choice and not chance". Teacher education is a process to equip teachers with knowledge attitudes, behavior and skills that are required to perform. Their tasks effectively in class school and community. VDIT is one of the leading teacher training Institute that focus on teacher, development through continues teaching training extension and research. I am honored and feel very privileged to be the Principle of this iconic Institution where every stake holder is a learner and everybody is an opportunity to learn and discover. I wish the best Fortune, peace and prosperity to all those who contribute to the noble task of spreading education and manifest qualities aims and objectives.

**Ms.Ashalata Bedant**  
**(Principal, D.El.Ed.)**

## “पढ़ेगा इंडिया तभी तो बढ़ेगा इंडिया”

हम सब जानते हैं कि शिक्षा जीवन का सबसे बड़ा हथियार है। यह केवल अक्षर ज्ञान नहीं देती, बल्कि सोचने, समझने और सही निर्णय लेने की शक्ति भी देती है। शिक्षा ही वह माध्यम है जो अंधकार को मिटाकर उजाले की ओर ले जाती है। जैसे एक दीपक अंधकार को दूर करता है, वैसे ही शिक्षा अज्ञानता को मिटाकर विकास का मार्ग प्रशस्त करती है।

बिना शिक्षा के व्यक्ति और राष्ट्र दोनों अधूरे हैं। यदि कोई व्यक्ति शिक्षित नहीं है, तो वह अपनी क्षमताओं को पहचान ही नहीं सकता और जब समाज में शिक्षित लोगों की कमी होती है, तो देश गरीबी, बेरोजगारी और पिछड़ेपन के अंधकार में डूबा रहता है। इसीलिए कहा गया है –

### “पढ़ेगा इंडिया तभी तो बढ़ेगा इंडिया।”

जब भारत का हर बच्चा स्कूल जाएगा, पढ़ेगा, समझेगा और अपने जीवन में ज्ञान का उपयोग करेगा, तभी सच्चे अर्थों में हमारा देश आगे बढ़ेगा। शिक्षा हमें केवल नौकरी पाने में ही मदद नहीं करती, बल्कि हमें जिम्मेदार नागरिक बनने की दिशा भी दिखाती है। यह हमें ईमानदारी, अनुशासन, सहनशीलता और दूसरों के प्रति सम्मान जैसे मूल्यों की सीख देती है। एक शिक्षित समाज ही वह समाज है जो अंधविश्वास, भेदभाव, भ्रष्टाचार और सामाजिक बुराइयों से मुक्त हो कर आगे बढ़ सकता है।

जब हर बच्चा शिक्षित होगा, तब ही देश के हर कोने में प्रगति और खुशहाली का सूरज उगेगा। आज भारत तेजी से विकसित हो रहा है – विज्ञान, तकनीक, और डिजिटल शिक्षा के क्षेत्र में। लेकिन यह तभी संभव है जब ग्रामीण और शहरी, दोनों क्षेत्रों में हर बच्चे तक शिक्षा पहुँचे। हर स्कूल में अच्छी सुविधाएँ हों, हर शिक्षक प्रेरणादायक हो, और हर बच्चा अपने सपनों को साकार करने का अवसर पाए। इसलिए, हमें यह संकल्प लेना चाहिए कि –

- हम स्वयं भी मन लगा कर पढ़ेंगे।
- दूसरों को भी शिक्षा के महत्व के बारे में बताएंगे।
- किसी भी बच्चे को शिक्षा से वंचित नहीं रहने देंगे।

**Dr. Ashraf Khan**  
(Assistant Professor)

## “बेटी बचाओ, बेटी पढ़ाओ”

भारत जैसे महान देश में, जहाँ नारी को देवी, जननी और शक्ति के रूप में पूजा जाता है, वहाँ यह सोच कर दुख होता है कि कभी-कभी बेटियों को ही जन्म लेने का अधिकार नहीं दिया जाता। यह केवल एक सामाजिक समस्या नहीं, बल्कि यह हमारे नैतिक और मानवीय मूल्यों की परीक्षा है। “बेटीबचाओ, बेटीपढ़ाओ” — यह केवल एक सरकारी नारा नहीं, बल्कि यह एक जागृति है, एक आंदोलन है, जो हमें यह याद दिलाता है कि जब तक हमारी बेटियाँ सुरक्षित और शिक्षित नहीं होंगी, तब तक देश का विकास अधूरा रहेगा।

**बेटी परिवार की शान है,  
बेटी समाज की पहचान है,  
और बेटी ही राष्ट्र की जान है।**

जब हम किसी बेटी को शिक्षित करते हैं, तो हम सिर्फ एक व्यक्ति को नहीं, बल्कि पूरी पीढ़ी को शिक्षित करते हैं। क्योंकि एक शिक्षित महिला अपने परिवार, समाज और राष्ट्र के विकास में अहम भूमिका निभाती है। महिलाएँ जब शिक्षित होती हैं, तो वे अपने अधिकारों को पहचानती हैं, अपने निर्णय स्वयं लेती हैं और समाज में बराबरी से योगदान देती हैं।

हमारे देश की कई बेटियाँ — जैसे कल्पना चावला, पी.वी. सिंधु, मैरीकॉम, साक्षी मलिक, सुनीता विलियम्स और सुदा मूर्ति जी — इस बात का जीता जागता उदाहरण हैं कि जब बेटियों को अवसर और शिक्षा मिलती है, तो वे पूरी दुनिया में भारत का नाम रोशन कर सकती हैं। लेकिन आज भी देश के कई हिस्सों में बेटियों को शिक्षा से वंचित रखा जाता है, उन्हें बोझ समझा जाता है। यह सोच बदलने की जरूरत है। हर माता-पिता को यह समझना होगा कि बेटी कोई जिम्मेदारी नहीं, बल्कि सम्मान की पहचान है। आइए, हम सब मिलकर यह संकल्प लें कि —

**“हम अपनी बेटियों को न केवल बचाएंगे, बल्कि उन्हें पढ़ाएंगे, आगे बढ़ने का अवसर देंगे और उन के सपनों को पंख देंगे।”**

**Ms. Sheema  
(Assistant Professor)**

## **Relevance of Artificial Intelligence in Education**

Artificial Intelligence (AI) is transforming every aspect of our lives — from healthcare and business to communication and entertainment. One of the most promising fields where AI is making a remarkable impact is education. The integration of AI in education is not just a technological trend, but a powerful tool that can reshape the future of learning and teaching. AI helps make education more personalized, efficient, and accessible. Traditional classrooms often face challenges such as limited teacher attention, different learning speeds among students, and lack of real-time feedback. Artificial Intelligence can help overcome these barriers.

For example, AI-powered learning platforms can analyze a student's performance and adapt lessons according to their strengths and weaknesses. Tools like adaptive learning systems and intelligent tutoring programs provide customized guidance, helping students learn at their own pace.

Teachers also benefit greatly from AI. It can automate administrative tasks such as grading, attendance, and report generation — allowing educators to focus more on teaching and mentoring. AI can even help teachers identify students who may need extra support, by analyzing data and predicting learning gaps early. Moreover, AI makes education more inclusive. Students with disabilities can use voice recognition, text-to-speech, and AI translators to overcome learning barriers. Through virtual classrooms and chatbots, AI extends learning beyond the classroom walls, enabling continuous and global education. AI is also helping in the creation of smart content — such as digital textbooks, interactive lessons, and real-time quizzes — making learning more engaging and effective. Virtual reality (VR) and augmented reality (AR), powered by AI, are bringing abstract concepts to life, turning imagination into experience.

However, the use of AI in education must be balanced with ethical considerations. Issues like data privacy, overdependence on technology, and loss of human interaction should be carefully managed. The goal should be to empower teachers, not replace them.

In conclusion, Artificial Intelligence has immense relevance in education. It is revolutionizing the way we teach, learn, and think. If used wisely, AI can make education more creative, equitable, and future-ready — truly preparing students for the challenges of the 21st century.

**Ms. Shweta Madan**  
**(Assistant Professor)**

## प्यारी बिटिया

तू घर का आँगन है, तू घर की ज्योति,  
तेरे बिन हर बात अधूरी होती।  
तेरी किलकारी में बसी है दुनिया,  
ओ मेरी प्यारी बिटिया, ओ मेरी मुनिया।  
तेरे नन्हे हाथ, जब गोद में आएँ,  
हर चिंता, हर फ़िक्र को दूर भगाएँ।  
तेरी मीठी बोली, तेरा चंचल हास,  
जैसे झरना हो कोई मेरे पास।  
तू फूल-सी नाज़ुक, तू किरण-सी कोमल,  
जीवन तेरा सदा रहे निर्मल।  
जब तू चलती है, पंख हवा में खोल,  
लगता है जैसे बज रहे हों ढोल।  
तेरी आँखों में बसे हैं सपने प्यारे,  
तू देखेगी दुनिया के हर नज़ारे।  
दुआ है यही, तेरा हर कदम मंज़िल पाए,  
कोई आँच ग़म की न तुझ को छूपाए।  
तू है मेरी हिम्मत, तू मेरा अभिमान,  
तुझ में बसा है मेरे ममता का जहान।  
चाहे कल हो बड़ी, पर रहेगी हमेश,  
मेरे दिल की सबसे प्यारी, नन्ही सी बिटिया।

Moni  
(B.Ed. I Year)

## **The Need For Environmental Conservation**

The environment is the foundation of life on Earth. It provides us with everything – air to breathe, water to drink, food to eat, and natural resources to use. But today, this very environment is in danger due to human activities like deforestation, pollution, overpopulation, and industrialization. As a result, our planet is facing serious problems such as climate change, global warming, soil erosion, and loss of biodiversity. Environmental conservation means the protection, preservation, and careful management of natural resources so that they can continue to support life for present and future generations. If we destroy our environment today, future generations will have to pay the price. The need for environmental conservation has become more urgent than ever before. Forests are being cut down at an alarming rate, leading to imbalance in nature and loss of wildlife. Rivers and oceans are being polluted with plastic and chemicals, making water unsafe for both humans and marine life. Air pollution is causing severe health problems and contributing to global warming.

To conserve the environment, we must reduce, reuse, and recycle. We should plant more trees, reduce the use of plastic, save water and electricity, and switch to renewable energy sources like solar and wind. Every small step – like using cloth bags, carpooling, or turning off lights when not needed – contributes to the protection of our planet. Education and awareness are also key. Schools, communities, and governments must work together to spread environmental awareness and encourage sustainable lifestyles.

As Mahatma Gandhi once said, “The Earth provides enough to satisfy every man’s need, but not every man’s greed.” We must learn to live in harmony with nature, not against it.

In conclusion, the need for environmental conservation is not just a choice – it is a necessity for survival. Protecting our planet is our duty and responsibility. Let us pledge to care for our environment, for it is the only home we have.

## I love My Nation

With Himalayas in the north  
Indian ocean in the south  
Arabian sea in the west  
Bay of Bengal in the east.

I love my nation

With developed culture  
And beautiful sculpture  
The people have no rest  
To do their work best.

I love my nation

They give us rice in ration  
They dress in latest fashion  
They do many inventions  
Which are about fiction.

I love my nation

With number of hill station  
Which are God's creation  
It give us protection  
And save us from tension

**Vanshika Giri**  
**(B.Ed. I Year)**

## **Hope Is The Thing With Feathers**

Hope is the thing with feathers  
That perches in the soul,  
And sings the tune without the words,  
And never stops at all,  
And sweetest in the gale is heard;  
And sore must be the storm  
That could abash the little bird  
That kept so many warm.  
I 've heard it in the chilliest land,  
And on the strangest sea;  
Yet, never, in extremity,  
It asked a crumb of me

**Neelam Paliwal**  
**(B.Ed. I Year)**

## भारत की ऋतुएँ

हिम की चादर ओढ़े उत्तर,  
गंगा की कल कल बहती धारा,  
पर्वत की वो ऊँची चोटियाँ,  
मन को मोहक, अद्भुत नज़ारा।  
शीत ऋतु का प्रथम आगमन,  
ठिठुरन में लिपटी हर सँझवा।  
फिर वसंत का रंग है आता,  
आमों की बौरें महक बिखेरे,  
फूलों की लाली, हरियाली छाई,  
पक्षी गाते मधुर, सवेरे।  
वसंत की है ये मीठी आहट,  
नया सवेरा, नई उमंगें घेरे।  
गर्मी की तपिश जब सताए,  
धीरे-धीरे सूरज बलवान,  
लू के थपेड़े, प्यास बुझाए,  
छाँव की होती है अरमान।  
ग्रीष्म की ये आगोशी,  
धैर्य का सिखाती है ज्ञान।  
फिर मे घांकी झड़ी है आती,  
धरती की प्यास बुझाती है,  
नाचे मोर, हरियाली छाए,  
जीवन की आस जगाती है।

Divya Sharma  
(D.El.Ed. I year)

## **My Dream**

A whisper soft, when day is done,  
A silent promise, newly spun.  
Not just a thought, that fades away,  
But sunrise waiting for the coming day.  
It holds a world I long to find,  
A vision etched within my mind.  
Of purpose clear, and spirit free,  
The truest version meant for me.  
It fuels my steps through barren lands,  
And shapes the work within my hands.  
It dares me rise, when I would fall,  
A tapestry I yearn to weave,  
A life of meaning to achieve.  
So let it guide, let it inspire,  
This burning, unextinguished fire.  
My dream – a truth I hold so dear,  
Dispelling doubt, dissolving fear.  
Until its shape takes solid form,  
And guides me safe through every storm.

**Narayan**  
**(B.Ed. II Year)**

## आज का युवा

आज का युवा, जोश से है भरा,  
सपनों का इंद्रधनुष, हर पल है खड़ा।  
नई सोच, नई उड़ान, नए हैं विचार,  
दुनिया को बदलने का, रखता है अधिकार।  
तकनीक की दुनिया में, कदम है बढ़ाता,  
मोबाइल की उंगली से, जहां है चलाता।  
ज्ञान का सागर है, उंगलियों पे नाचता,  
हर पल कुछ नया, सीखने को है साचता।  
सवाल करता है, ये कैसी है रीत,  
परंपराओं की जंजीरों को, तोड़ना वो जीत।  
खुद की राह बनाता, खुद है हैवान,  
अपने जुनून से, खुद को पहचान।  
कभी भटकता है, कभी ठहर जाता है,  
गिरकर भी उठना, वो सीख जाता है।  
सफलता की सीढ़ी, खुद है बनाता,  
अपने दम पर, मंज़िल को पाता।  
थोड़ा विद्रोही, थोड़ा है नादान,  
पर दिल का साफ, सच्चा इंसान।  
अपने हक़ की खातिर, आवाज़ उठाता,  
समाज की बुराइयों पर, प्रहार है करता।  
आज का युवा, भविष्य की है आस,  
नई सुबह का, उम्मीदों का प्रकाश।  
उस के कंधों पर, भारत का है भार,  
वो ही है कल का, निर्माता, सरदार।
